Dear Sir or Madam

Maintenance Works – Reedham WRC

We would like to inform you of the need to carry out maintenance works within Reedham WRC situated at the end of Holy Farm Road. These works are to maintain performance of existing site processes and on Thursday 24th March 2022, it will be necessary to relocate a large piece of apparatus from Hempnall WRC to Reedham WRC.

As site access and adjoining roads are not very wide, we may need to request that vehicles parked on the route shown below be moved to allow the load to pass through. We ask that vehicles not be left between the hours of 11:00 – 15:00 or if parking here is unavoidable that drivers please be available to temporarily move vehicles around.

Maintenance work will start week commencing 21st March and continue for approximately 15 working days. Other than the large load referred to above there should be minimal disruption.

This is essential work to maintain a sewerage service for customers. We apologise in advance for any disturbance this will cause and ask for your patience and understanding. We will keep this disturbance to a minimum.

If you have any questions about this work, please contact Anglian Water on 03457 145 145.

Best Regards

Mark Jones (Project Delivery Manager)
